A relocation was sent on 6/11/2020. After your father died, you provided another address. We are waiting for a letter from the person you are proposing to live with, stating their willingness to have you live with them.

Also, you are sentenced out of Utah correct? A relocation is not needed if you are going to your sentencing district.

Hello, I talked to Mrs. Rhodes today and was told that we did not need the letter now from my daughter. I asked if "I need to sign any thing?" she said "No, that it is all up to the Correctional Programs Division". July 13, 2020 I was told that, "your are currently pending relocation. Once that is approved we can submit your RRC/HC for referral." Then on July 24, 2020, " Mr. Andrews has been reviewed and found eligible for CARES ACT [...] once that relocation comes back he will then be submitted to RRC/HC for referral." Is that what we did and have I been submitted to the RRC? Thank you for your time, Tom Andrews
